

EXPERIENCE THE **POWER** OF MEMBERSHIP

Mission Statement

To promote the economic well-being of Miami Beach's citizens, to improve the quality of life for the entire community, and to communicate the view of the business community on major issues of public policy. Established in 1921.

Dear Prospective Member,

This upcoming year marks of the 89th anniversary of the Miami Beach Chamber of Commerce. Five visionaries set up a humble office with a table and umbrella and enthusiastically shared their vision of a prosperous community within its paradise setting to anyone crossing the Causeway. Today, Miami Beach has truly emerged as its own entity, continuously evolving and drawing in business and tourism from around the globe. The city's goals and accomplishments may have grown to new heights, but the Miami Beach Chamber's foundation still lies in its original mission to further advance the well-being of its many constituents.

In an effort to make our own history, the Chamber leadership forges ahead on several new landmark initiatives. Business development and stimulus programs, a virtual global presence and relevant support on positive change along with a promise to further advance this small, yet eminent city and its supporting businesses. It is the enthusiasm and commitment from the Board of Governors, the Pillar Board of Trustees, the Chamber's many Councils, committees and networkers that create these opportunities and make it all possible.

I encourage you to help us carry on the spirit of this city's founders, who believed in the power of relationships. The Miami Beach Chamber of Commerce pledges not just a membership, but a partnership in helping you make the connections and resources needed to thrive.

Thank you for your continued support.

At your service,

Jason Loeb
Chairman of the Board
Miami Beach Chamber of Commerce

Miami Beach Education Foundation

The purpose of the Miami Beach Education Foundation is to bring together the strengths and resources of the community to support the needs of public education in Miami Beach. To stimulate greater governmental and public awareness and appreciation for public education and to encourage more efficient use of governmental and private resources for its development.
