The Miami Beach Education Foundation’s mission is to bring together the strengths and resources of businesses and individuals to support the needs of public education in our community. The Education Foundation strives to stimulate greater governmental and public awareness and appreciation of public education in our community and to encourage greater and more efficient use of governmental and private resources for the development and support of public education.

The Miami Beach Chamber of Commerce has donated **\$100,000.00** in 5 years in scholarships and grants to local non-profit organizations and students. Donations are made possible by the generosity and dedication of loyal members, as well as the community. The combined support has helped non-profit organizations flourish and has aided many Miami Beach students in the embarking on their college careers.
